Notes:

1. Till the year ended 31.03.07, the provisioning for taxation (including MAT) was being made at the year end. However from the current year, the provisioning is being made on quarterly basis in accordance with the applicable accounting standard. As such the Profit after tax for the current quarter/six months ended on 30.09.07 is not strictly comparable with previous period figures. Other figures have been regrouped/rearranged wherever necessary to facilitate comparison.

2. There are no separate reportable segments as per Accounting Standard (AS-17) on segment Reporting issued by The Institute of Chartered Accountants of India.

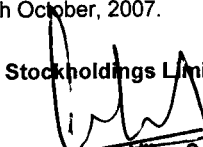

3. The company has brought forward losses as per Tax laws. Therefore, credit for Deferred Tax Assets is not recognised in the absence of virtual certainty about its realisation in future.

4. Upto quarter/year ended 31-03-2007, the provision for diminution, if any in the value of current investments was made on quarterly basis and the provision for diminution, if any, in the value of long term investments was made at the end of accounting year. However, w.e.f. 1st April 2007, the provision for diminution/written back, if any in the value of current investments as well as long term investments is being made on a quarterly basis. Therefore, the profit after tax for the six/three months ended 30-09-2007 is higher by Rs.7.01 and Rs.85.67 lacs respectively due to write back of provision for diminution in the value of long term investments.

5. As informed by Company's Registrar and Share Transfer Agents no investor complaints were pending at the beginning of the quarter i.e., 1-07-2007 and 14 complaints were received during the quarter and out of which 13 have been redressed and one complaint remained to be redressed at the end of the quarter i.e., 30-09-2007.

6. The above results have been subjected to a limited review by the Statutory Auditors, reviewed by the Audit Committee and were approved and taken on record by the Board of Directors of the company at the meeting held on 19th October, 2007.
